

Matteo Veroni

Nationality: Italian **Date of birth:** 23 Nov 2002 **Place of birth:** Modena, Italy

Phone number: (+39) 3928118473 **Email address:** veronimatteo1@gmail.com

Home: via Sallustio, 2B, 41012 Carpi (Italy)

WORK EXPERIENCE

 **Istituto Formazione Operatori Aziendali** – Carpi, MO, Italy

Business or sector: Education

Contract professor

[Jun 2025 – Jun 2025]

I taught Internet of Things topics to high school students for the University of Studies of Modena and Reggio Emilia.

 **Liceo Scientifico Statale "M. Fanti"** – Carpi, Italy

Business or sector: Education

Expert Teacher

[1 Nov 2025 – 31 Mar 2026]

- I have taught Python programming language to high school students
- Videogame development (as the final project of the course)

 **Liceo Scientifico Statale "M. Fanti"** – Carpi, Italy

Remedial Course Instructor

[17 Jan 2026 – 31 Jan 2026]

- Designed and delivered targeted remedial lessons to help high school students overcome academic difficulties.
- Simplified complex concepts to improve student comprehension and overall academic performance.
- Adapted teaching methods and materials to suit different learning styles and individual student needs.

 **Liceo Scientifico Statale "M. Fanti"** – Carpi, Italy

Mathematics and Physics teacher at secondary school

[29 Apr 2026 – 16 May 2026]

- **Planned and delivered** Mathematics and Physics lessons, aligning learning objectives with national ministerial guidelines.
- **Prepared and graded** written and oral assessments to closely monitor student academic progress.
- **Developed and implemented** inclusive learning plans (PDPs) for students with Special Educational Needs (SEN) and Specific Learning Difficulties (SLD).
- **Integrated** educational technology and scientific software to support both classroom lectures and laboratory activities.
- **Actively participated** in class councils and grading boards, and managed regular parent-teacher conferences.

 **Università degli Studi di Modena e Reggio Emilia** – Modena, Italy

Embedded Systems Cybersecurity Intern

[15 Mar 2026 – Current]

- **Conducted** vulnerability assessments and threat modeling on an edge-AI smart automotive camera (e.g., NVIDIA Jetson platform).
- **Designed and implemented** mitigation strategies, establishing zero-trust network egress rules using stateful iptables policies.
- **Analyzed** telemetry data streams, reviewing Deep Packet Inspection (DPI) routing layers for encrypted MQTT traffic to secure vehicle-to-cloud communications.
- **Documented** security findings and remediation protocols to ensure embedded system resilience against network-level attacks.

 **eRelief** – Bologna, Italy

Name of unit or department: Solutions for improving museum accessibility for the visually impaired - **Business or sector:** Professional, scientific and technical activities

Chief Technology Officer

[1 Aug 2019 – 1 Mar 2022]

As a volunteer for the startup I co-founded, I was responsible for:

- Staff training;
- Research and Development;
- Presentation of the business project even in the international arena.

VOLUNTEERING

[1 Jan 2022 – Current] Carpi

Catechist

- ACR youth educator (for children aged 8-12);
- Management of relationships with parents;
- Service at summer camps with overnight stay.

Link: <https://azionecattolica.it/ramo/acr/>

[15 Sep 2024 – 20 Feb 2025] Carpi

After-school teacher

- I tutored after-school children aged 12 to 14.

EDUCATION AND TRAINING

Giardino delle Imprese

Fondazione Golinelli [1 Jul 2019 – 30 Sep 2019]

City: Bologna | **Country:** Italy | **Website:** <https://www.fondazionegolinelli.it/en/area-impresa/giardino-imprese> | **Field(s) of study:** Business, administration and law: • Management and administration • Accounting and taxation • Marketing and advertising • Work skills

Informal school of entrepreneurial culture offering practical tools for young people to develop business ideas.

High School Diploma of Scientific high school - applied sciences option

Liceo Scientifico Statale Manfredo Fanti [1 Sep 2016 – 31 Aug 2021]

City: Carpi | **Country:** Italy | **Website:** <https://www.liceofanti.edu.it/> | **Field(s) of study:** Natural sciences, mathematics and statistics ; Information and Communication Technologies | **Final grade:** 100 | **Level in EQF:** EQF level 4

Bachelor's Degree in Computer Science Engineering (D.M.270/04)

University of Modena and Reggio Emilia [15 Sep 2021 – 17 Oct 2024]

City: Modena | Country: Italy | Website: <https://ingmo.unimore.it/en/education/corsi-di-laurea-informazioni-general/ingegneria-informatica> | Field(s) of study: Engineering, manufacturing and construction ; Information and Communication Technologies | Final grade: summa cum laude | Level in EQF: EQF level 6 | Type of credits: CFU | Number of credits: 180 | Thesis: EHRforEquips - Un gestionale di dati clinici per medici liberi professionisti

- **Software Development & Algorithms:** Strong programming foundation in Java (OOP) and C (system-level), with a focus on optimizing algorithms and implementing efficient data structures for complex problem-solving.
- **Software Engineering:** Proficient in software design principles, architectural patterns, and the software development lifecycle (SDLC).
- **Networking & Cybersecurity:** In-depth knowledge of computer network architectures, communication protocols, and core cybersecurity principles to secure IT infrastructure and data.
- **Database Management:** Skilled in relational database design, data modeling, and advanced SQL querying.

Master Degree in Computer Science Engineering (D.M. 270/04)

University of Modena and Reggio Emilia [15 Sep 2024 – Current]

City: Modena | Country: Italy | Field(s) of study: Information and Communication Technologies ; Engineering, manufacturing and construction | Level in EQF: EQF level 7 | Type of credits: CFU | Number of credits: 120

- **Cybersecurity & Embedded Systems:** Advanced focus on the secure software development lifecycle (SSDLC) and automotive cybersecurity. Engineered IoT solutions with in-depth expertise in embedded operating systems and edge Linux environments.
- **Cloud Computing & CI/CD Pipelines:** Developed and simulated distributed cloud systems and containerized infrastructures (e.g., Kubernetes). Designed automated Continuous Integration and Continuous Deployment (CI/CD) workflows to streamline software compilation and deployment.
- **Artificial Intelligence & Mobile Development:** Specialized in Artificial Intelligence with a strong emphasis on Reinforcement Learning. Developed native Android applications, integrating local database structures and on-device machine learning models (e.g., object detection).

LANGUAGE SKILLS

Mother tongue(s): Italian

Other language(s):

English

LISTENING C1 READING C1 WRITING B2

SPOKEN PRODUCTION B2 SPOKEN INTERACTION B2

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

DRIVING LICENCE

Driving Licence: B

19 Jul 2021 – 23 Nov 2031

CONFERENCES AND SEMINARS

[15 Nov 2019 – 19 Nov 2019] Bremen, Germany

Investiga I+D+I program I took part in a collaborative project with European students, presenting a study on Distributed Ledger Technologies (blockchains).

Link: <https://www.programainvestiga.org/bases.php>

HONOURS AND AWARDS

[15 Mar 2021] Villa Edvige Garagnani

Winner of the Co-Start Villa Garagnani call for applications The startup that I co-founded was selected for incubation following a successful application.

Link: <https://www.villagaragnani.it/co-start>

SKILLS

Windows / Microsoft Office / Gestione autonoma della posta e-mail / linguaggi di programmazione: C/C++, Visual C++/MFC, Java, JEE, Python, Bash Scripting / Gestione Database con Entity Framework e SQL / Kotlin / Unified Modeling Language (UML) / Design Pattern / pthreads / Linux / JavaFX / Socket / Configurazione policy Firewall con IPtables / IA-32 / NumPy / PyTorch / scikit-learn / Arduino UNO / MQTT (IoT) / Flask Framework / C / C++ / Rust / Java / Python / SQL / Containerization / Kubernetes / Docker / Cloud computing / Cybersecurity / Secure Software Development / Embedded systems / Network architectures and protocols / on-device Machine Learning / Reinforcement Learning / HTML / Git / Android App Development / Software Architecture / Data Structure and Algorithms / 3D Modeling / 3D printing

HOBBIES AND INTERESTS

Cybersecurity

Operative Systems

3D modelling

3D printing

MANAGEMENT SKILLS

Project Management

I have been a group leader in many of my volunteer activities and for the production of projects for university examinations.

COMMUNICATIVE AND INTERPERSONAL SKILLS

Good public speaking skills

Team working

Empathy

Active listening

CERTIFICATIONS

[ETS Global, 1 Mar 2026]

TOEIC® Listening and Reading test English level C1 - CEFR.
